

Whitehouse & Grange Bowling Club

Grange Award winners for 2024

Scotland's **GARDENS** Scheme OPEN FOR CHARITY

Sunday 29th June 2025

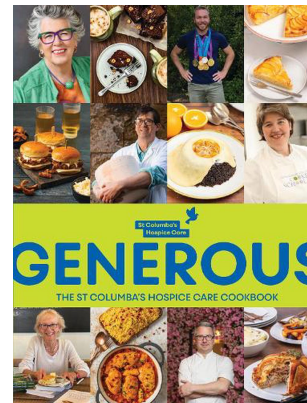

Trams were running along Hope Terrace when Whitehouse and Grange Bowling Club was founded in 1872. The mock Tudor clubhouse designed by Sir George Washington Browne was built at the cost of £173. A striking building in a beautiful setting. As well as a Bowling Club, there was a Curling Rink at the south end of the green where tea is being served today. It was in use until 1912.

Our philosophy, as well as providing opportunities for bowling, is to engage with the local community and to make our grounds a space for everyone to enjoy-bowlers and non-bowlers alike. Over time the garden had become overgrown and some remedial action was required. Marking our 150th anniversary in 2022, an initiative was commenced to bring back the garden to its former glory. A small group of individuals from the Club undertook this task making a huge impact on the planting and structure of the Garden. Stones from nearby building work in Hope Terrace have been recycled to edge all the borders.

The garden has been used to mark significant events. The most recent being the planting of a tree to celebrate the Coronation of King Charles III *Davida Involucrata* - "The Dove Tree" adding to the tree planted to mark the Coronation of his Grandfather King George V1 in 1937. Last year trees were planted to mark Edinburgh 900 and to mark 100 years since Eric Liddell won gold at the Paris Olympics.
